Snow Grooming Report 2012

Comments

Almanor Ranger District:

A limited amount of grooming occurred on 1-27-2012. Due to shallow depths of snow, users should be alert for any possible hazards such as rocks and tree branches.

Eagle Lake Ranger District:

No grooming occurred.

Hat Creek Ranger District:

With no new snow and what little there was melting, no grooming has occurred on the District. It's pretty soggy out there!

Happy Groundhog Day!!!
